the little girl prayed it with much love and at the end she said take refuge in the heart of Jesus.

4) The deception of the enemy to prevent us from preparing for the warning

given on Thursday, September 8, 2016 during Holy Mass at 6 o'clock pm

The little one says... I am angry with the serpent because it is a liar.

A liar. It says that Jesus is not coming. We have to step on it's head, like mama Mary because

we are her children. The light is coming, there we will see our sins, in our mind and we have to

go and confess them, in order to have God's forgiveness.

5) How to be filled with divine Love

6) Those who will believe and those who will not believe in the warning

October 6th, 2016

the little girl says... The time is almost here, when we will see the light of heaven. We will ALL

see our sins, we will see it in our hearts but not all will believe, many will make fun of Jesus on

heaven. Jesus told me so and mother Mary

It was raining, the Water falls, it was like holy water from God,, the time is approaching.

message number 12 - Jesus will arrive as king of kings, He will take away our sins

given on Sunday, March 26, 2017

God created life on earth so that we would always be united, and this, what God has given us is forever. God is always with us. He will arrive as king of kings, that is why it is necessary that we see our sins. There are sooo many sins. Sons and daughters who hit their mothers and mothers who hit their children and dads who beat the moms

and moms who beat the dads... brothers against brothers

The priests fight with each other, But even so, they continue confessing because Jesus is there in them. Babies are not born, men kill the babies in the moms tummies, babies that were going to be born. What a grave sin! Jesus and mother Mary cry for them, for those who do not have God in their heart. Man's sin is that he allows himself to be deceived by the enemy

message number 13 -This is how the cities will look -

Thursday, March 30, 2017

The girl says "Jesus came and took me to a city where there was no one. It was like a big desert, the houses were messy, destroyed,

He told me, my little girl, don't be afraid,
And then He said I will take you to Heaven where Mother Mary is at, together with all the saints
I cried with joy when I saw her, I hugged her and I was no longer afraid,
I did not want to come back home, I wanted to stay there because it is very beautiful, there is so
much peace and lots of love

We have to go to Guadalajara to live the divine will, the war is coming, they are going to kill the
Pope. But it won't be my father's soldiers, it will be others
The little girl said this when she was watching a video of the blessed Oscar Arnulfo Romero.
it was as if the images she saw reminded her of that revelation

message number 16 -the will of God and the will of men

Tuesday May 16, 2017

While praying the holy rosary

She said "man cannot do away with the will of God.

but God can put an end to men.

The priests who are side by side with the enemy, they take out seminarians who want to be
priests, and they refuse to give first communion to girls who want to do the will of God.

The saints were martyrs, they suffered for us. The will of God does not end even though the
enemy wants us to end it. God knows the time, but not now

The girl says, Mother Mary brings me baby Jesus... He is like me, I play with him, Mother María
says to take care of him... Today I also saw Jesus of the Divine Mercy, always with mother
Mary, I can see both of their Sacred Hearts with rays coming out of them.

Jesus told me, offer your pain for the salvation of souls.... when the enemy attacks me I offer
my pain. This is a bargain, heaven gets inexpensive

When I get sick, heaven is very inexpensive. That's good for souls.

message number 19 given on Wednesday, August 2, 2017

The little girl said, "the light that we are going to see in the sky, I call it our purgatory because it's going to hurt so much as we see all of our sins. But people don't want to believe. This is coming soon there are already signs in the sky

The signs are already in the sky. there is going to be an earthquake. Mom María brought Luisa Picarreta and Luisa told me "my little one, always read the passion that Jesus taught me because, by living in the divine will you are going to come to heaven. message number 22 prepare in the divine will

Sunday October 15, 2017

The girl said "Jesus told me to tell the priest (her spiritual director) to continue praying the passion, just like the church is preparing itself in the divine will.. Jesus said "little one (referring to the priest) I love you very much you will always be my little one

message number 23 -they don't know what's in their hearts, We have to pray that they believe
Wednesday, November 15, 2017,

her mother claims that for the first time her daughter felt a very strong pain in her heart and the girl told her that the virgin mary said to her that we had to pray and offer the pain for aborted babies... After the pain was gone she laid down and spoke again of God's warning about the light and the planet ... This is what the little girl said "They already stopped believing in the planet and the light that is about to come. but it will come and they don't know what they have in their hearts but we have to pray a lot and sacrifice a lot so that they believe in God We already know that all children do not obey their fathers or mothers because they do not have the divine will....We have to fight with our hearts so that we always believe in God There are bad children. They don't know what is coming. They continue with their Disney's Frozen. Babies, what are they? They are children, are they not like Jesus? they are our sons and our daughters.

message number 24 -prepare our things, Jesus will do everything new

Friday November 17, 2017

and the little girl said "the earthquake is coming. We have to have a suitcase with clothes, food and all the things that we need for God, sacramentals. all this We have to have in our

suitcase also some medications. Everything is going to be destroyed.
the seashores are gone, All the coasts are going to fall and the water is going to rise and fall
back again, the seashores are going to sink. there won't be any beach left.
from there Jesus will make everything all over again.

25 - 32 2018

25- Seal doors and windows

April 21, 2018 this message was given by Virgin Mary Mystical Rose glitter to the little girl
Mary said we must seal the doors and the windows... Because something bad is going to
happen, the girl asked her what's going to happen... she told me that she couldn't tell her at the
moment, but not to be afraid

26- the Virgin of garabandal

March 27, 2018

the girl's mother said that one morning the girl was having a hard time waking up. When she
finally woke up at one o'clock in the afternoon, the girl told her mother that she couldn't wake up
because she went to where there were a lot of stairs, she said "I saw Jesus with his rays and his
white robe and and a violet rope around his waste. His heart could be seen on the outside of the
robe, it was like a star.... I also saw the virgin but she had no veil her hair was like wavy
mountains. In one hand she had the scapular and in the other hand the medal of Saint St.
Benedict together with the book of the Passion of Luisa Picarreta. and she said to me, "little
one, pray the Holy Rosary and offer penance for the sinful souls. She said for all of us to
believe BELIEVE in the light that is coming.

27 monday, may 7, 2018

at the end of Mass in the Church of the Holy Spirit, The little girl goes to the Blessed Sacrament
to pray and says to her mother, to come closer to her, that right there are the sacred hearts of
Jesus and Mary. she said to her mother, "Mary wants me to consecrate myself to her
Immaculate Heart and so I do and then he says that our mother has given her a message.
"My little daughter, it is my wish that they make me a chapel on the mountain.

I am going to come down like Fatima because I am going to be extended to heaven in my
chapel, my little ones will be consecrated to me, to my Immaculate Heart and to the Immaculate
Heart of my Son. My little priest is going to bless this chapel, there will be healing, physical and
spiritual healing for all those who come from the Republic on pilgrimage and I am going to take
a priest of mine who is going to celebrate Holy Mass, thank you for listening to me."

The mother asked the girl if the virgin had told her in which mountain she wanted a church, I
don't know but the priest knows.

28 Jesus is mistreated the earthquake will come

The warning received by the girl on January 22nd, 2018

The little girl said "I had a vision, like a dream, that Jesus was being beaten and I was saying
leave him alone he is harmless, And then Jesus said don't do it, and I did it yelling and trying to

defend Jesus from being beaten, and the soldiers beat Jesus and then they beat me and they were beating me a lot until Mary came and took me away, and healed my wounds that I had. the little pointed to her forehead, to her shoulders. The little girl continues, Then the virgin took care of me like her own daughter, she put me in a dress just like her and then we saw when they put Jesus on the cross and yelled "no". And then Mary and Mary Magdalene and I were screaming and we and they told us to be quiet and we were quiet, but Jesus also told me don't ever cry I will always be with you" The little girls mother then asked her, what is going to happen And the servant answers "a very strong earthquake where they are going to see their sins there, and she points up in the sky, there is going to be a super strong earthquake Really strong for that reason we have to pray a lot for the countries for Mexico, for Chiapas for Hermosillo for Mexico city for Oaxaca. Also for Japan for all the countries so there won't be any earthquake. But they make the earthquakes themselves, I have seen it, many ugly things are going to happen.... in God's will always

29 the world is empty they don't let me into their hearts

June 8, 2018

what i am going to quote below is a broad dialogue between Mother Mary, our Lord Jesus Christ and the little girl

the virgin speaks "Hello little one Look you see this war that is happening in my world I am sad Look at this war" Momma Mary showed me an empty world, it was all empty in Africa there was no one there then a person appeared, children, they were lying there dead and I got worried and I said "Mother, Why is this happening? why? I am so worried? the virgin answered, "Oh my little one, they are sinning, that is why you must pray, your mother, your brother, your family, all those who believe in me, even those who do not believe in me, I believe in them I love them, even if they do not believe me.. those who have tattoos.. look at this world, look at this world... all my little ones are there suffering so many dead, I'm worried about the world I want to be with my children but they won't let me.

nothing, nothing my little daughter there is nothing, there is no love, no peace, the children wish there was love peace, but there is nothing.

Look at that governor the one who is going to govern, Look at that president, Look at him aborting my little ones but I still love him even if he aborts my little babies.

I want to be with them and the enemy won't let me be with them... they don't let the babies grow up they don't let them do what they have to do, the world is empty, Look daughter Look at all the moms who have had abortions, those who accept witchcraft, card readings." The virgin speaks with so much sadness. She continues "the Blessed Virgin said "Look at this world, that is why my son is coming to earth. all the martyrs are going to be with me in heaven I am also worried because they don't believe in purgatory, there are more of my children that the devil is swallowing them up, he wants to eat them. those who are Jehovah's Witnesses and do not believe in purgatory, he wants to eat them.. Look at all those children, those little ones, who had that life that was not easy for them that was terrible that they didn't deserve that their parents opened that door to kill,,, and they look at things on their phone, arent they ashamed of what they see?" Mama Mary to the parents and she continues... "daughter, don't you feel like crying? seeing my children that are destroyed Now. I want to be with my children but they prevent me

they say no no no no. they won't let us touch their hearts they won't let us take away that heart made of stone and replace it with a soft one that produces love.

Now Jesus is present with sadness, and He speaks: "Hello little daughter, my mother is right, your mother says that everybody's distracted, yes, And that's why I'm going to go to earth, I'm going so that you believe, even if you don't fear death. Many parents didn't let me touch their children's hearts, let me touch their little hearts. Let us touch their hearts, let all the world, let all of my children's hearts and all the families be touched.

Humanity says "oh my Jesus" WE.. referring to the father the son and the holy spirit, We want to grant your requests, your prayers. But people get angry and say "oh Jesus didn't grant it for me" you get angry with us, little one, you get angry this is not the way It is not true we want to offer all our love but they won't let us.

the servant tells Jesus.. I don't understand why are we sinners? We want to be good, but sometimes I say why do we live, why? Jesus answers her "oh my little one you are so little you are so so little that you won't understand but even though you're little it doesn't matter I'm going to tell you anyways. I just want my world to let me touch their heart. you see little one all the sinners that are sinning that's what I don't want, that's not what I am, that is not me.

They believe in Disney, I don't like that they do, they don't please me at all. The servant affirms "Oh Jesus it's just that I'm worried about the world, I'm worried about it" .. Jesus answers "Oh little one, Look I'm going to explain to you even though you might not understand. They all sin because they are human, I made them to do my will, I wanted them to live and do my will. Look, in the Bible it says Adam and Eve they sinned and they are with me now but they sinned they did not believe in me, they ate that fruit that I had already told them was bad, and that was a sin little daughter, that is why you have to read the Bible it is your prayer. read books of prayer, put aside the books that are not good for you.

the little girl answers "Alright Jesus" Then Jesus says "Hijita, little girl, I'm going to send you something tomorrow, I'm coming and waking you up and I'm going to give you a surprise."

now Mother Mary says "little one, my son is right. there is no longer anyone in the world after the earthquakes there is no one anymore, nobody. if they don't stop sinning, in a city in the north of the country (mexico), there is going to be an earthquake. I don't want that to happen. I want to cover them, for you little one, that protection is like a rock, if they don't sin they won't die. This house made of rock, this strong house, is my heart. Look it's burning full of love also this heart is like an insurance to protect them, like the military, I will come with my son too

I love you." then Jesus gives his blessing in Latin with his hand and his wound was visible.

The following is a description of the Virgin Mary made by the servant of the sacred hearts. "Her voice is like choirs of angels, the virgin is pretty, she has a light skinned face, brown hair with a little bit of light brown with blue and white clothing, she is wearing a scapular and holding a book of divine will in her right hand and with the child God in her left arm. Her voice is like a choir of angels. In this apparition the virgin stretched out her arms and closed her arms as if giving me a big hug. like she embraces all of us and then letting go, she sings me a beautiful song to fall asleep to.

30 we need victim souls

November 3 2018

the little girl said "Jesus told me this "little daughter, some say I will always forgive and not to argue. and look, they are destroying their family, don't they see what my laws say? love one another as I have loved you, look, if you go to perdition I will be sad, look, if you all go to hell I will be very sad. please fulfill my laws, please I need you all to, please, sin no more.. pray pray pray and pray much more, because there is no more time to pray. material things no longer matter, the things of the world are no longer important, it is important only to pray. do the Holy Rosary when you are doing your chores don't listen to rock music, you are paying more attention to the devil than to us. we need souls., victim souls, that is what we need victim souls. We are your parents, We are the ones who created you with our hands We suffer for you. if you continue to pay attention to the devil, you are going to perdition, that is why, pray pray pray time is running out. put more effort and time in prayer.

31 believe in the virgin She is the true Queen

December 22, 2018 at 5 o'clock in the morning

The little girl has a vision at this hour and the mom records everything her daughter is saying. She starts talking about the volcano in the Philippines (Indonesia). she tells her mom I am seeing a volcano, there is a lot of lava, a lot and the fire is strong. I don't know what country it is in but it is a volcano that is going to spit out a lot of lava. The lava is coming up to the tips and also the water is spilling out. water is coming out and it is getting ready to kill all of us, to kill our souls. we should have an emergency bag at all times, a salvation kit. but if you don't want to believe it, don't believe it. Mother Mary wants us to believe in her, she is like a queen, she is a queen, she is not a princess she is a queen. she is not like the other ugly queens with a lot of gold, no, she is a pure queen with a shining crown and roses. Goodby, blessings

32 Hell. there will be earthquakes and torments

the girl says the following: "I was in hell and they were whipping people. The demons were laughing so much they were mocking the people. There was a normal looking woman but with a snake's tongue and an ugly face with long fingernails and the children who did not believe in God went with her. "The chamuco" the devil also told me, -go with her you will be safe-, and I told him -no, I am a daughter of God- and he told -me to shut up- I told him -I am a daughter of God- and he told me again. And then I told him I am also a daughter of Virgin Mary. and I repeated it again, and once again he told me to shut up and then he slapped me in the face and he had sharp edges on his fingernails and he pulled it out like a cat and then he said he was going to scratch my face all the way down to my neck then he was going to touch my hair and then a light came, I turned around and it was an angel who came with another angel who was my little guardian angel and he told me 'calm down you are going to be ok, everything is going to be ok' and he said to the angel help her and it was my little guardian angel and he said come on and then I went up with him until I got to heaven and he said to me 'did you know that they all suffer 'that' because they don't go to confession, they don't believe in God, they don't believe in Mary, they don't believe in anything. They don't even know themselves, they don't

know God, they don't know Mary, they don't know the world they live in, they don't even see. As God the father said, some have eyes but do not see they have ears but do not hear they have mouths but they don't speak they have nose but they don't breathe. And then he handed me to mama Mary and she said 'my love don't worry But there's going to be another earthquake and I said where and she told me in all the countries, and I got sad. Then she handed me over to God the father and he said that there are going to be many torments; earthquakes, volcanoes, floods, houses that are going to fall down, many children will die, women that will die, and men will die, three and four years old kids will die, even pets will die, no one will be left alive in some places, But you in your city, will be ok, you will live. The little girl said "I don't want you to leave my world like this" He said to her "but I'm going to create more people. I'm going to take you to heaven soon, a long time to go before you grow up and that day, that's the hour I want you to go with me" That is what Jesus said to me

33-35 2019

33 entitled - we crucify Jesus - take care of the souls of the children

The little girl had a vision, and she was videotaped by her mother.. This is what she is seeing "crucifying Jesus, woman to man, man to man, woman to woman, boy to boy, boy to girl, massacre, robbery, gunshots, women are running, wars, there are women they are running, their children, their babies, their three year olds, all of them are being murdered. There will be an earthquake, in Africa in every country and also there will be war within the family... By the fire belt, earthquakes will occur, many earthquakes. It is coming, God will allow it, it is going to happen so that we believe in him...Prepare yourselves says the virgin Mary, Prepare yourselves children, you have to pray there is no more time to be looking at your phone, why do you get so used to it? my children spend too much time looking at the phone. I prefer my children, my little ones, babies to play and learn how to read and write. How can you give a baby a phone to play and learn everything that's on the cell phone? Why Barbies? Why not give her a baby doll?

34 signs of what's to come -

God the father to the Servants of the Sacred Hearts of Jesus and Mary.

April 29, 2019

In a dream: I dreamt that my God sent me a sign, saying that he wants us as we are. He already knows that we are sinners but he says that we are his beloved children and he loves us very much. We are his creation. He also told me that the gentlemen who are there in the earthquakes will be fine, they will be ok. He said that all the signs that he has told me, like when I was a little girl, while in adoration, he put a seed in my heart, and also the time of his thorns. Everything that has happened to me with God are signs that he has shown to me, like the time in the clouds he has shown me signs even though I didn't record them. But God is our father, There is going to be a bigger earthquake and all the things that are going to happen... Fiat

35 a message from Jesus, the virgin Mary, and Louisa Picarreta; read and meditate on the passion, read the Bible, pray the rosary on July 19, 2019

This is a dialogue between, Jesus, the Virgin Mary, Luisa Picarrette and the little girl the girl says "yesterday I had a vision Luisa, and said to me little daughter of the divine will, you

understand me and I understand you, the girl answered Yes, I understand you, Luisa said well then my daughter, You have to understand me because I am in heaven I am going to work in you, I am going to speak through you because I am going to make everyone come again to the divine will. The little servant said yes Luisa, mother of the divine will. Then I saw her tear up, and I asked her what happened? Luisa answered, little daughter of the divine will, nobody reads my books of the divine will, they do not read the book of the passion of Christ of our Lord and they called themselves catholics but they do not believe in Mary. I want God to work through these messages like that lady who was converted. Thank you for listening to me.

Then the little girl said I saw Jesus, he was talking with some families

I wanted to see him but he told me, 'why did you want to see me? I am in your heart. The little girl said "my Lord I am no one for you to be in my heart,, Look at these people, you should be in them. I'm not worthy, You have no business being in this dirty and bitter heart

Jesus answered, little daughter there are many things that you cannot comprehend, the little servant said I just began to weep and cry and I hugged him and he cuddled me and I

said Thank you my Lord thank you and I kissed his hands. Jesus answered I came to work in the families to ask my father God almighty, creator of heaven and earth for all these families.

The little servant said 'my lord I only want you to touch my heart with your most holy hands, and come in and cleanse my heart with your hands

Again Jesus hugged me and I hugged him and he was leaving and I said 'No my Lord I don't want you to leave. I don't want you to go. Stay a little while longer and he told me It's okay my little daughter and he stayed and I just sat on his lap and then a light came, a very resplendent light it was the Virgin Mary with her mantle, it was so beautiful. It was light blue and under her mantle her dress was pink with a ribbon tied by her waist. I saw her lifting up her hands with a bright light she had a rosary and a bible and she said to me ;This is what I want you to do. Pray the rosary and read the Bible... but they don't do it. why, little daughter, why?

The little servant girl said 'don't know mother, i don't know, please dont cry"

I felt what she was feeling,, I grabbed her hand and I kissed it and I told her ;calm down mother Mary, I offer myself for them.. So that they read the Bible and pray the Holy Rosary

That's all they told me in the vision.

36-46 2020

I want all of you to enjoy Don't do bad things, that's all I ask of you.

37 - convert yourselves so that mother Mary and Jesus may work in your hearts.

it is a message of our lord Jesus and of our most holy mother given on march 22, 2020 sunday at dawn

As the little girl was with her godfather praying the Holy Rosary.. On the third Mystery, the Ascension of Jesus to heaven, this is the godfather talking now - my goddaughter asked me, do you see the virgin? I asked her where? she answered me there in the corner of the room I don't see anything she told me she will give me a message, it's important, record it with your phone Jesus says 'little children I, your heavenly father, want you to pray these forty days and forty nights.. day to day,, I want you to pray to me in the day, at dawn, in the evening and at night. for ten days and in those ten days I will send another message. little children these messages are going to end because an end is coming, and I want you to prepare yourselves because I want my children to celebrate in heaven. Prepare yourselves don't commit sins because it hurts me and if you commit sins, it will hurt me, and you will not be able to come with me.

Children, you little children who don't believe in me, something strong will come to you but to my Catholics, you are going to have to pray for vocations, for the homosexuals and for the evangelicals and for the other religions that do not believe in my mother, for the abortionists for the feminists and for all those who are sinners and do not change

In my eyes you are all the same because I made you. you walk like me and like my mother.

This is mother Mary talking now; I ask you to keep this promise, to always go to Mass, but right now I see that you are walking from one place to another and no longer celebrating masses. At least watch the mass on TV and receive spiritual communion .

Pray and ask my son that the world changes that the narcos change, that Chapo Guzman changes, that my little son Amlo changes and that he stays away from all the shamanism. the other promise will be that you pray my Holy Rosary that you consecrate yourselves to my sacred heart, pray pray pray my little children because prayer will never end, prayer must continue. I want you to prepare yourselves for this end of time. I want you to prepare yourselves for this end time and I want you to pray always, that is the only thing I ask of you.

I am going to teach you about the day you will be in my glory and the glory of my son. The warning is coming. Now i hear The Angels singing Hallelujah in Latin and they begin to speak in their language and they want me to translate NASCUTAN meaning CONVERT. Machuca, meaning convert so that I can work in their hearts. Gritachu, so that I work within all of you and you can change. Nascadapi, referring to the drug lords and traffickers.

This is my second message and you will not receive another until the next day when I appear in

the world, now mama mary speaks,,, I want you to prepare yourselves little children well I just want you to be well prepared.

Thank you for listening to this message of my son Jesus and your mother Mary

the servant of the sacred hearts says ,, Mary is giving us the blessing and she wants me to tell you to do it like this: In Nomine Patris, et Filii, et Spiritus Sancti.

Jesus sais 'my little children may God the father and my mother be with you always. never be afraid. Dont you see that my mother is there with you? And dont you see that I am here too?

the little girl told the godfather that mother Mary says to him, not to be afraid of what happens to him that she is going to put her eyes on him so that he can see how she looks at him.

that he was born to become a priest and that he was born to do what she wants him to do, a missionary of hers. Then the virgin mother Mary says goodbye

She hears the angels say Mercy Mercy Mercy, penance penance penance, and they go around blowing the trumpets as a sign of danger This is the call of our father they go shouting penitence penitence penitence, convert

38 the meteor the moon and the Third War

October 11 of the year 2020

The little girl says "it is going to be like a planet but it is not going to collide with earth. it is going to go around, it is going to get closer but then it is going to go away and it will continue to go around the earth for three minutes, around ten times then it will go away. This was said to me by Jesús, Mary and José María Escriva. After a couple of days a meteorite will come and it will do the same as the planet but it will go around five times. it will appear as if they were going to collide with earth but it wont. Then a piece of a little star is going to fall down on earth, but it's not going to fall where there are people, it's only going to fall on empty places, because Jesus doesn't want it to fall in front of the people. After it falls everything will be different, things are going to change. I want you to listen to my word I want you to listen to me But you don't want to listen to me. The moon is going to split in two and then it is going to join together and the stars or the clouds will be in the form of a cross or a crown and then it is going to rain and hail is going to fall. Many people will be in their houses and there will be something else near the Popocatepetl volcano and the sins that we are going to see will be after all of that and then the third world war will follow. and this is just the beginning but Jesus is going to take care of us. We also need to take care of ourselves, our spirit, our body but more importantly our soul. It is ok to wear a mask, to use antibacterial gel, but it is more important to protect your soul don't be afraid of being deceived that they will harm your body but be afraid that they will hurt your soul. Jesus says this every day. I found him crying, I looked at him crying and I felt that he was telling me that he needs our help to pray. I kept looking at him I hugged him and he finished crying and heard him sigh saying 'Thank you, thank you for continuing to pray, pray my little children, time is running out.' I looked at him and he was looking at me now with a happy face

39 the virgin would never say no to a priest

given in the month of september 2020

The little girl says "mom, priest so-and-so, must come to the house, besides the virgin would never say no to a priest. The mom asks the girl, and how do you know him? and the girl says, I

saw him outside of a chapel crying and interceding in prayer and he also saw me... he was praying for everyone. He saw me i'm a dream

40 How will the triumph of the Immaculate Heart of Mary be?

September 2020

the triumph of our mother's heart is in every heart, that's why Our Lady's insistence that we read the book of the queen to live in the divine will. Give me your will. when she says her heart will triumph, that is the kingdom. We must not wait for the warning. The little girl tells her mom, don't hate mom, we must love. Make ourselves like nothingness

41 the crash is the warning

september 2020

On the 10th she was taken to hell. all the electricity blew, up even the car broke down the girl's little hand is marked with stigma, her hand was swollen. when she says crash it is the crash of the warning. Back in september, she had talked about that crash, about the warning that is going to come and the volcano happened it is going to be a chained earthquake it is going to be a purification from the inside and the outside and at the same time the awakening of the consciousness.

42 pray pray pray the cup is overflowing

october 12, 2020

"Don't be fighting, pray pray pray little children. before the cup was Emptying and now it is overflowing little children come with me, come and give me a hand please little children go outside something bad is happening, go I'll be here waiting for you go and see what is happening." The little girl and her godfather open the door and go outside they hear someone crying with nostalgia and lamentation, crying and wailing then they come back in and close the door. "Children, after hearing this, how do you think kids feel when they are living this with their family?"

This is a part of the message said by the godfather of the little girl. "when we went outside we did not see anyone, we heard the voice of a child who complains and cries.

43 Give me your suffering so that you do not suffer- the girl stops an earthquake

October 19 of 2020 narrated by the mother of the little girl

At ten past two in the morning my little girl woke up and said she had seen Mama Mary, she had a very pretty face with rosy cheeks. The girl was not restless or scared and she saw our mother who extended her hands and told her to go with her.

mother bent down and started to cry with her hands on her face. She was crying and the little servant asked her why she was crying. she told her that there was going to be an earthquake and a tsunami. My daughter told our mother that she didn't want her to suffer and that she would rather give herself, so that mother Mary would not suffer.

my daughter told her Give me covid if you want but I don't want you to suffer.

our mother told her to offer herself so that it wouldn't be so hard and not to accept any of the medicines that they wanted to give her to release pain. That day the little girl had a huge

headache and half of her eye was hurting and when she ate she wanted to vomit. so she asked me not to demand that she eat too much. Then we learned that there had been an earthquake in Alaska and there was a tsunami warning.

44 - The phrase of God's mercy in the last moment (Popocatepetl)

a dream given on November 2020

the little girl said I saw that it is going to start here in Mexico with the Popocatepetl. I saw a lot of people that were partying, dancing, drinking and all that. the Popocatepetl began to erupt out heavy lava and the earth opened up and everyone was falling in but all those who fell and said Jesus, Mary I am not worthy of you but I need you.

those who said that phrase the virgin took them and did not allow them to feel the pain and she rescued them.

The little girl made two drawings about the dream... where you can see that there are children holding their mothers' hands, the moon is seen split in two... you can see a little house that it looks like a supermarket and a little house with a cross on top of it and at the same time you can also see a person kneeling.

45 pray much that time is running out given that

Pray also for my daughters, for all the little girls. pray a lot my little children there is no time to fight, now it is time to pray to pray and not waste time, little children of my heart pray much for the families that right now are being destroyed by the enemy of God, pray a lot for those families for the children that are suffering so much, pray much little children thank you for listening to me

46 church destroyed and church renewed

December 8th, 2020

In this message she is talking about a church that was destroyed and only the deacon remained, who later was ordained a priest on that December 8th

The little girls's mother comments that her daughter saw the destruction of the church where she was, half of it was destroyed and the other half was not. The ciborium with the hosts fell and she did not want to touch the body of our Lord and with her dress she picked them up she began to filled the ciborium, a priest saw her actions and said thank you for taking care of the Eucharist. this priest was so-and-so who was not yet a priest when she had this dream. He was a deacon and they did not yet know the date of his ordination. but in the dream he was already

a priest and the little girl said, from there they took me to the church of the Immaculate Conception and all of them had a shining new face because everyone was already in the will of God... everyone was living in the divine will. They were surprised when a few days later, her seminarian brother told them that the deacon was going to be ordained on December 8. Then it was said that the date of the ordination was going to be pushed back because the seminarians were infected with covid. But the girl's godfather said that if it was in her vision he was going to be ordained on the 8th. And so it happened.

47-50 2021

47 earthquake and third world war

February 28, 2021

The earthquake and world war three are near, there is no forgiveness
no reparation

48 the warning is coming soon, confess your sins, make reparation for your sins

March 20, 2021 and

This happened at a retreat. The mother said, 'my daughter rested in the Holy Spirit, and when she sat back up she felt that her ears were burning, they were red and hot... she screamed because of that pain and she said... I saw Jesus and Mary, my ears are burning. The priest who was present in this retreat brought a chair and sat the little girl down and prayed over her and the little girl began to tell the vision she had while she was resting in the Holy Spirit, 'I saw Jesus I saw Mary our mother, she told me that there is no time to waste with your children, time wasted on the internet, that they watch television because they see things that hurt them, have them pray the Holy Rosary, the prayer of a child is powerful... take them to holy mass pray, fast, penance. I have seen the aborted children I have seen another virus pray the Divine Mercy everywhere, even in the bathroom. I have seen the warning. the warning is coming very soon. make reparation for your sins the warning is coming.

Holy priests, oh priests our mother hurts, it hurts her every time you give communion in the hand she says that if you find one of her sons (priests) who gives communion in the hand do not take communion in the hand do it spiritually and Jesus will come into your hearts.

There is a priest who has spoken of a meteor. This same priest said that a meteor was coming. what the priest said is true said the little girl, she was crying, then as if nothing had happened. You see, the priest says that God wants to speak to us and he can't find a way to speak to us. and sometimes they say that Jesus speaks to them and it's not true it's his own voice but in a little girl God speaks because she is a willing soul who gives herself to listening and it depends on you that your gifts remain, don't praise those who have gifts, because one person who had many gifts was praised so much that he was lost.

49 I am going to insist said the virgin pray share the messages

march 22nd 2021

we will never abandon you, I will always tell my son, my priest to share the messages. I want to warn my children but nobody will let me. please jeringuitas the smallest of my children share the

messages.. Ah thank you for listening to me.

Take that medication (the one everyone is saying not to) this product is like the holy water of Lourdes. I ask you, I don't want anything to happen to you.

Please do not abort my little ones, how much it hurts me, you do not know how it hurts me that the work that my son does, you destroy it, his act of love. offer up sacrifices, even if you are very young, offer it because with that you can be a priest or a nun or a servant for me ... ah time is running out. pray pray pray the drop was filling up before now it is overflowing you

I ask you to come on May 4th to this place I will tell you a message I ask you to record and write all this down. Ah how it hurts me I will insist I too will insist, we will never abandon you I will tell my son priest to share the messages,,, because it hurts me

50 is about a drawing

that by inspiration the sky gave to the little one and I am going to

I am going to show it on the screen and here you have it, it is a drawing

with colors let's see

what you can see round in the background and like a big circle certainly oval is the planet earth oval it is the planet earth and inside it

observe that the upper part inside the earth appears a cross

well there it says Rome it is seen upside down but it says Rome

in the middle of the left side appears the word Korea as France.

the word Korea as France and this represents the countries

countries and then the lower part inside the circle or the globe, that is the

circle or the globe appears Paris and there you can even see the Eiffel Tower.

Eiffel Tower. Well, then on the right side at the top of the circle

I know you can't see it clearly but it says Mexico and then there is a number with the number 1000.

number 1000 and below it appears Campos, well, these countries according to the small these countries according to the small

are damaged after the

water purification volcanoes

in Mexico for example but disaster finally that is not explicitly indicated but they are

explicitly indicated but they are disasters that occur in Rome, Korea, France and Paris for example

France and Paris for example now outside

of the planet you are going to find on the left side

you will see a figure and this is the

Astro is the representation of an asteroid that is approaching the Earth and it is the

is what causes the big warning in the upper

yellow circle and it looks as if it is starry.

starry Well I do not have the clarity of if it is the sun or the moon

or it is the moon but I make reference to one of the messages that were

shared in another opportunity where the little girl sees

that the moon is splitting, this I understand has a more metaphorical meaning than

metaphorical than natural

then in the lower part to the bottom

I do not know if you can detect it with clarity but you can see

a very nice little figure, well, it is a fetus.

it is a fetus victim of the abortion Then if we go like this from the south to the

south to the north south to the east you are going to find

as in reddish color eh another figure Well that is the Popocatepetl erupting and above it another

erupting and on top of it another figure that represents I understand

buildings and over there there is water, this is destruction.

destruction well I comment to you according to what I know from the small

the little one when it was Ah well but I forgot one more element that of course draws

of course it calls the attention and they are the center of the earth in blue color and green dots it

is about a virus

now I will talk about that good according to what the little one me

when abortion is approved, let's go, this one is already

let's go this one is already approved but apparently in all or most of the national territory

national territory or most of it then

detonates the purification as much the volcanic eruption as the tsunamis and of course the big

earthquake or earthquake

of course the great earthquake or earthquake with the entrance of water

and according to what I also know, the water will flood part of the beaches

will flood part of the beaches, we don't know how deep or how deep.

extent or depth but we do know according to what the babe

has said it comprises the Pacific Ocean

as part of the Gulf of Mexico this is

therefore the beaches and the coasts

suffer flooding I repeat we do not have

the clarity of the extension in meters or kilometers nor the depth

but as you can see this drawing seeks to represent everything that the girl observes will happen

observes will happen that is to say the drawing

reflects both the warning and the purification

now what is in the center as I mentioned that blue figure with green spots?

blue figure with green spots Well it is a virus

it is worth mentioning that it is not the covid virus but another one

a new or different one there have been interpretations of this drawing of the baby and

I am commenting on this obviously because these are just opinions and interpretations

are just opinions and interpretations but when you look at the size of this virus in relation to the

the size of this virus in relation to the earth, it means that it is very big and that it covers or

extends

or that it extends to a good part of the planet Earth.

and I understand that a doctor or a scientist checked that figure

of this virus as you see it in blue and green color and found the figure very similar in color and

almost the

very similar in color and almost the shape in a photograph taken by the microscope and microscope and pointed out that it is the smallpox virus, so that it could so it could be that this is an interpretation could be that in the next few months it could be days it could be weeks we don't know we don't know or years, the smallpox virus will burst with force or return, of course of course, generating of course massive contagions massive contagions all over the planet and of course harming many people we could comment a little bit more but I do not want to put my own I don't want to put my own harvest either Let's go I mean I personally I show it as the message number 50 of the child that as you can see seeks in some way to summarize summarize part of what she has received around these 50 messages evidently no no no synthesizes everything, no, of course not, but at least it draws attention to the fact that that being a little girl and not knowing about geography at the time, she shows in this drawing well in this drawing she shows everything that she saw this drawing informs me the mother was drawn in the year 2020 but here it has the date of 2021 then simply on my behalf to finish these four messages that that we have shared to mention the fact that we are talking about an earthquake as a third world war and of course the world war and also of course in a drawing this is represented to us as part of the purification of the world. we have to understand that that this does not have a date, first it does not have a date of staging, that is, we do not know when it is going to happen when it is going to happen but it is going to happen We don't have clarity about this virus that the girl showed in the drawing. the girl showed in the drawing, however, and this is what I emphasize the most. the Blessed Virgin asks the little girl to ask us to prepare ourselves that we prepare ourselves to be attentive that we do prayer, fasting, penance, and that we and she also emphasizes the pain that abortion causes her, so it seems to me that with this it seems to me that with this we have a very interesting we have a very, very interesting understanding of what happens of what happens when man moves away from God, that is, when we sin when we follow the world's the criteria of the world when we definitively turn our back on the Lord and his Holy and to his Holy Law, because he respects our decisions. He loves us and yet with the freedom he gives us, we are responsible for the consequences of our decisions. For we become responsible for the consequences that all of this generates.

can be said more can be said of course

I would just like to mention that all this that you have heard is certainly shocking and is certainly shocking and

if it hasn't happened because then there are those who complain and complain and complain sourly to yours truly Hey Jaime nothing has happened of what the I answer because in the end this depends on God and the Lord wants me to depends on God and the Lord wants all his children to be saved.

that I see a time or a few months or a few months maybe a couple of years of mercy because maybe

our lord Jesus Christ the father the holy spirit know that we are not yet ready we have not yet ready we have not prepared ourselves spiritually as they have requested for all these events so all these events so well then here it is as you can see even more even more graphically what is to come

before concluding then what are already these fifty messages

I invite you to soon have one more and final program in which I will make a general summary general summary and I will issue some opinions about what we have shared during these days of the

these days of the messages of the little servant of the Sacred Hearts of Jesus and Mary of Jesus and Mary and remember that they go from the year 2016 to 2021.

I will mention that more messages are pending given from the year 2021 to date

The Lord continues to manifest Himself to the little one through Signs through mystical phenomena

that this is still going on and that there is still much more to be shared.

I ask you then to stay tuned very probably this week, I can't tell you exactly

I can't tell you the exact day but we will have the closing of this first

closing eh around this first block or batch of 50 messages and visions about the great warning of God and the

God's great warning and purification

given to a little Mexican girl for now that's all I thank you for your attention.

I am Jaime Duarte God bless you all
